01:21:29 Claire Hempel | Design Workshop: Another opportunity to be involved: The Parks and Recreation Department is updating interpretive signage at the pool entrance and kicking-off the process of expanding the historical aspects of the exhibit inside the Beverly S. Sheffield Education Center. The objective is to include the many stories of diverse communities and cultures and their unique experiences at and relationships with the Springs. PARD is committed to telling the story of the Springs that is inclusive of people and communities who have been displaced or excluded from using the treasured natural resource. We humbly ask you to join us in co-creating the process for telling the hidden history of Barton Springs. If you are interested, please put your name in the chat, and Jessica Gilzow of PARD will follow-up with more information.
