Overview & Background

- Zilker Café Rehabilitation project completed early 2021
- Includes a new sidewalk connecting the Train Depot, Café and Bathhouse
- PARD solicited for a food concession vendor based on public survey results. The Scope of Work included language to allow for the sale of beer and wine with approval. The selected vendor would like to pursue this endeavor.
- The CUP Application process usually takes about 6 months
- [LDC sec. 25-2-625\(4\)](#) states “The Land Use Commission may not consider a site plan until it receives a recommendation from the Parks and Recreation Board”

CUP Explanation

- A CUP changes the zoning of a property
- Public to PARK AND RECREATION SERVICES (SPECIAL), in this instance
- Zoning changes are attached to the land/property

CUP Process

- Submitted application to Development Services Department and reviewed for completeness
- Once completeness check was cleared, the application was sent to reviewers with various disciplinary focus and a notice was sent to the public that an application has been submitted
- Reviews are completed in as many rounds as needed with responses from the applicant until satisfactory
- After all response comments are cleared, a notice is sent to the public for a hearing and a Planning Commission date is set

Site Overview

★ WINE & BEER
POINT OF SALES

Vendor Area

- The vendor area will have a defined perimeter in which beer and wine may be sold and consumed.
- The demarcation of the defined area could vary with each future vendor, but will likely include railings, fences, planters and signage.
- This area is just over 6,500 SF, or 0.04% of Zilker Metro Park.

Vendor Area

- The vendor area will be enclosed and demarcated with stanchions and/or signage
- Texas Alcoholic Beverage Commission (TABC) regulations will be met and signage will be posted
- Signage posted at boundaries will follow the same guidelines as other parks
- Refuse collection will occur in conjunction with the vendor's operations plan

Operational Plan

- Park Rules enforced
- Adherence to TABC guidelines
- Serving Responsibly
- Defined perimeter in which beer and wine can be consumed
 - Signage
 - No alcohol allowed past the defined area
- No direct access from café to pool
- Park patrons enter the pool only through designated gates
- No food or beverages allowed in pool area

TABC Permit & Regulations

- Retail Dealer's On-Premise License (BE): Allows the holder to sell beer for consumption on premises where sold in a lawful container to the ultimate consumer. Holder can't sell the beer for resale. The license requires an adequate seating area for customers.
- Permits must be renewed every 2 years.
- No one under 18 can sell alcohol.
- Austin Police Department can issue citations for consumption of alcohol outside of defined boundaries.

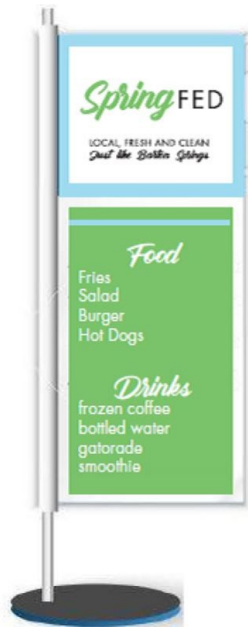

PARD Considerations for CUP

- Special events at Zilker Metropolitan Park often include sale of beer and wine, such as ACL Music Festival, Blues on the Green, Trail of Lights, among others. This availability takes place on the Great Lawn on the other side of Barton Springs Road.
- In early 2015, prior to the solicitation of the Zilker Café, PARD conducted a public survey that included an open-ended question regarding possible menu items. Respondents replied with various suggestions including the option of beer and wine.
- Based on stakeholder input and feedback from this survey, PARD released a Request for Proposals with language in the Scope of Work that indicated that the Concessionaire may sell beer and wine with prior written approval from the PARD Director.
- It is PARD's intention to have the Zilker Café serve not only as a convenience for park users but also as a destination. The availability of beer and wine to complement the menu items could enhance the overall park user experience.
