

Brief reason for the revision:

The placement of lieutenant, commander, and assistant chief insignia on department-issued jackets is not currently covered in policy. Different styles of wear/placement have been observed, and guidelines for uniformity should be established by policy.

801 Equipment and Uniform Regulations

801.4 REQUIRED AND AUTHORIZED UNIFORM RAIMENTS

801.4.3 RANK INSIGNIA

Officers will wear such insignia of rank or recognition as issued or prescribed by the Department.

(c) Lieutenant, Commander, Assistant Chief, and Chief of Police

1. Rank insignia will be worn in symmetrical pairs, centered between the top and bottom edge of the insignia one inch from the front of the collars of uniform shirts and on the epaulets of uniform jackets, including the Executive Uniform jacket.
 - (a) Lieutenant bars will be worn with the long axis of the bars parallel to the front edge of the collar, with the outer edge of the insignia one inch from the bottom of the collar.
 - (b) Commander, assistant chief, and Chief stars will be worn with one ray of each star pointing toward the top of the collar.
 - (c) Lieutenant bars, along with Commander, Assistant Chief, and Chief stars, will be worn on the epaulets of the uniform jacket, centered upon the width of the epaulet. The distance from the bottom of the rank insignia to the bottom of the epaulet should be the same as the distance between the edge of the rank insignia and the edge of the epaulet. The insignia shall be placed as indicated in the diagram below:
